

Earth Chakra:

Nile Flower Oil connects us to the Higher Energetic Planes on our earth.

Our beloved Mother earth also has a chakra system, these are places with a huge energy vortex, like the great pyramid of Giza. There are many such energy centers on our planet and these major chakra points weave in the universal energies from the matrix.

Nile Flower oil enhances our connection with Mother Earth and therefore our awareness, it is connecting our etheric energy system with hers, making us more intuitive with the natural forces that are around us.

Some of the other high energy centers on Earth are Uluru (Australia), Glastonbury, (England) Milford Sound (New Zealand) and of course Mt Shasta (U.S.A.)
